On the date of 9-21-05 to investigator Lee Anne Dunn and RN Meggett reordered Zantac on 10-5-05. I was again cut off medication. Back in January 06 I just started to receive zantac one week ago. I still have acid reflux disease and must have medication. if not this can lead to heart and other diseases ailments. behind Medical negligence from staff. This is a scary feeling when acid backs up in the esophagus, which happens at times on medication, but more so without it. Also Medical Records will show I never had acid reflux disease when I first arrived at DCC back in 1993, or in my entire life.
